Admiral Robert E. Coontz.

WASHINGTON, Jan. 18.—[By the Associated Press.] Present and projected naval expansion by the United States and other powers was discussed briefly today by the Senate Naval Committee with Admiral Robert E. Coontz, chief of naval operations. The admiral was called to the committee by a call today for a special meeting Thursday of the Senate Foreign Relations Committee for further consideration of the resolution of Senator Borah, Republican, Idaho, proposing a conference of the principal naval powers in an effort to agree upon curtailment of naval construction. Senate leaders said the Borah resolution probably would be amended and reported favorably.

DEADLOCK ON TAXATION.

Plan to Increase Utilities' Share One-third Hits Snag in Senate.

SACRAMENTO, Jan. 18.—The Senate battle over the bill proposing a rise of approximately one-third in tax rates of public service corporations developed a deadlock early tonight. The first roll call gave the measure twenty-six votes, one less than the two-thirds majority required for its passage, and eleven votes against it.

MARION (O.) Jan. 18.—President-elect Harding has completed his conference here on the policies of his administration and will leave Thursday night for St. Augustine, Fla., where he will arrive Saturday, to spend most of the time remaining before his inauguration. A two weeks' houseboat trip in Florida waters is to follow his arrival. Virtually all of February he will live at a St. Augustine hotel, mixing golf and relaxation with the work of final preparation for the Presidency.

Club Women in Utah Have Bill for High Heels.

SALT LAKE CITY, Jan. 18.—The bill to prohibit high heels in Utah, which will probably be introduced today at a meeting of representatives of women's clubs who held a conference with legislators today.

Bill to Prohibit High Heels. The bill is so far-reaching that the person found possessing a pair of high heels is subject to a fine of from \$25 to \$500 for the first conviction, and from \$500 to \$1000 for every additional offense, and imprisonment of from thirty days to one year. The penalty covers manufacturers, sellers, wearers and owners of such shoes. It is drawn to take effect on and after January 1, 1925. The height of heels permitted is one and a half inches.

Troop Auto is Attacked; Intense Terror Grips Cork; Citizens Tremble.

DUBLIN, Jan. 18.—A motor car with eleven auxiliaries which left Galway today was ambushed at Kesh, says a statement by Dublin Castle. Thirty men attacked the auxiliaries with guns and bombs from the woods on both sides of the road. The auxiliaries returned the fire until the attacking party fled. The auxiliaries had one seriously and five slightly wounded.

FEAR FOR SAFETY OF SHIP IN GALE.

ROTTERDAM, Jan. 18.—In one of the heaviest gales in the North Sea for months, the 12,000-ton American freighter Defiance sent a wireless message yesterday, asking that help be sent her in the dangerous waters thirty miles to the north of Terschelling. A number of tugs were rushed to her and a wireless to the Shipping Board office in Rotterdam said one of the tugs had reached her and planned to tow her to Hamburg today. Since then, however, no advices have come, and as the gale is continuing, considerable uneasiness is felt.

Legislature Hears Governor's Plan to Curtail State Expenditures.

MANY CHANGES ARE ADVOCATED

Eight Bills Accompany Message from Stephens.

Start With New Section to Political Code.

Departments are Consolidated With Various Divisions.

(BY A. P. MORT WIRE)

SACRAMENTO, Jan. 18.—Sweeping changes, intended to simplify and render more economical the discharge of the duties of the State, were outlined by Gov. Stephens today in a special message to the Legislature. Eight bills accompanied the message, which, as the message recited, "deal with the subjects of governmental economy, efficiency, and the consolidation of many boards, commissions and other State agencies."

The bill, as explained by the Governor, started with a measure providing a new Control, State Purposes, which would give power to the head of each department of State government, subject to the approval of the Governor, to arrange and classify the work, adopt necessary rules and regulations, and assign to the employees such duties as may be conducive to the utmost efficiency.

DIVISIONS CREATED. Various divisions are created within the departments, each to be in charge of a chief to be appointed by the department head. Provisions are included for fixing salaries by civil service standards.

SEVEN DIVISIONS. The work of this department is arranged in seven divisions: institutions, budget and accounts, printing, purchases and custody, printing, motor vehicles, capital buildings and grounds, and libraries and history. Chiefs of the first three will each receive a salary of \$10,000, the amount now paid the members of the Board of Control; the other chiefs will be paid the present salaries allotted to those in charge of the principal divisions so combined.

RETRICHMENT PLAN RECEIVED.

(Continued from First Page.)

Immigration and Housing Commission is retained.

Supporters of the consolidation and economy measure prepared by W. H. Fischer for the Taxpayers' Association of California tonight asserted that Fischer's program would eliminate scores of boards and officials retained in the administration plan.

A caucus of legislators from various parts of the State will be held tomorrow and at this conference a decision will be reached as to whether or not a more drastic bill shall be introduced before adjournment.

Fischer refuses to disclose his immediate plans and has had no comment to make upon the general report that the administration proceeded in blocking the taxpayers' measures by appealing to backers of the organization in Los Angeles and here in San Francisco.

A committee of legislators instructed to meet Fischer will be held tomorrow and at this conference a decision will be reached as to whether or not a more drastic bill shall be introduced before adjournment.

Members of the Legislature who anticipated receiving material help from State Controller Chambers in preparing a real economy measure have received little encouragement, they say.

It is said that Controller Chambers is of the opinion that the people of California should be made thoroughly familiar with the economy program devised by the administration before another such proposal is submitted to them.

The Governor's retrenchment program is seen as "a broad, carefully prepared and thoroughly satisfactory plan," by Speaker Henry Wright.

"The plan shows on its face," asserted the Assembly Speaker, "that the Governor and his aids have spent many months in preparing a sincere and thoroughly satisfactory plan for a reduction in the costs of State government."

An investigation of published charges that corporate representatives sought corruptly to influence members of the Legislature may be conducted in the Assembly at tomorrow's session.

Considerable indignation was expressed that apparently idle speculation had been indulged in relative to the possibility of bribes being offered members of the Legislature in a corporation attempt to obtain votes.

There was evidence today that the fight between the wets and the dries may be injected into the Assembly before adjournment.

DEADLOCK ON TAXATION.

delay final action until Friday was lost 17 to 21.

INDIA RUBBER CONSCIENCE. The bill's statement that a "full investigation" had been made was characterized by Senator Burnett as "purely bunk." Senator Duncan said the bill offered the only way to meet a prospective deficit of \$13,000,000 for the next biennium and advised that "we chloroform our consciences and agreed to make a bill."

Nearly all legislators and heads of departments declined to discuss the Governor's message today, saying they wished to discuss the budget before forming any opinion as to the thoroughness of the administration action until after he had read the printer today and were expected to be before the legislators and others interested tomorrow.

Another element was brought into the situation today when it became definitely known that a committee of the United States House of Representatives would be here tomorrow, and had requested an interview with the Governor, at which he desired to discuss the budget.

The Hurley resolution calling for a list of State employees and their salaries, which passed the Assembly several days ago and went to the Senate, was said to be ready for reconsideration.

Will be withheld until the administration measures were presented, he said, until after he had read the Governor's bills and "then it might seem unnecessary."

has not been definitely indicated. Heretofore, he had intended to go direct from St. Augustine to Washington to take the oath, but the people of his home town want to send him to the capital with a farewell demonstration.

MRS. HARDING NOT GOING. Mrs. Harding will not accompany her husband to Florida but will go to St. Augustine later. She is to leave Friday or Saturday for Washington where she will spend several days attending personal matters, including disposition of the Harding residence.

With their departure, they will give up their house in Marion, which made history as the "second of the front porch campaign." It has been leased to Marion E. H. H. and the house in Washington is to be sold, if it is not rented to Vice-President Coolidge.

George E. Christian, Jr., the President-elect's secretary, will go with him to Florida, but an office force will be maintained at Harding headquarters, next to the Harding residence here until late in February, when the records will be moved to Washington.

Indications are accumulating that Harding will decide finally on nearly all of his Cabinet selections in Florida. Those close to him believe that of the ten Cabinet positions to be filled, the only one on which there has been anything approaching a definite decision is that of Secretary of State. This place, it generally is conceded here, will go to Charles E. Hughes.

WASHINGTON, Jan. 18.—President-elect Harding will be asked to include regulation of grain, stock and cotton exchanges in his call for the extra session of the new Congress, Senator Heflin, Democrat, Alabama, announced today.

MIAMI (Fla.) Jan. 18.—Fred W. Upham of Chicago, treasurer of the Republican National Committee, said here today that one and possibly two members of the Harding Cabinet, would be from the South.

the people of Cork. "The black and tans" and auxiliaries, who were withdrawn after recent fires, now are more in evidence than ever and since Saturday and Sunday nights, when the streets were swept by bullets, the inhabitants have been living literally in fear and trembling.

"No woman can think of sleeping," said the wife of a citizen today. The warning of Maj.-Gen. Sir Edward Sturges, the military commander, that drastic measures would follow assassination of members of the crown forces, has served to increase the uneasiness.

FOUR KILLED. (BY CABLE AND ASSOCIATED PRESS.) LONDON, Jan. 18.—Four civilians were killed and seven black and tan auxiliaries policemen were wounded in a fight in County Galway, Ireland, according to reports received here today. The fight ensued when a black and tan patrol was ambushed near the city of Galway.

BELFAST, Jan. 18.—David Kent, Sinn Féin member of the House of Commons for the East Division of Cork, was arrested yesterday. He was the seventh Sinn Féin member of the British Parliament in jail. Six other members are in the United States.

Constable Boyd was shot dead yesterday in a saloon at Cappagh, County Tipperary. His assailants escaped.

CONTRIBUTION UNSETTLED. (BY A. P. MORT WIRE.) WASHINGTON, Jan. 18.—The interdepartmental controversy, over Donald J. O'Callaghan, Lord Mayor of Cork, who recently arrived without a passport, was still unsettled today after a Cabinet meeting.

President Wilson, it is understood, continued to maintain that the question of O'Callaghan's status was one for the two department heads of Labor and State to determine.

With the State Department's order for the Lord Mayor's deportation ignored by the Labor Department in adjudging O'Callaghan a seaman, and in granting him permission to land and reship aboard a vessel bound abroad, the solicitor of the State Department today reaffirmed that his department had the right to assume jurisdiction and order the Mayor's deportation.

A conference of State Department officials, however, failed to disclose what steps might be decided upon with a view to enforcing the decree.

DUBLIN, Jan. 18.—An official proclamation has been issued in Tipperary forbidding fairs, markets and public assemblies in the Tipperary, Cashel and Kilkenny districts owing to murders and attacks on police barracks.

An extensive raid was made today in the Cork district, South Armagh. Twenty-three persons were arrested, one a lieutenant in the Republican army.

COMMITTEE FAVORS MINES CLAIM COURT. (BY A. P. MORT WIRE.) WASHINGTON, Jan. 18.—A favorable report was ordered today by the House Mining Committee on the Senate bill giving the court of claims jurisdiction over claims filed against the government by producers of minerals seeking relief from losses sustained during the war.

RIPE OLIVE DAY IS PROCLAIMED.

(BY A. P. MORT WIRE)

SACRAMENTO, Jan. 18.—Gov. Stephens today issued a proclamation fixing February 21 as "California Ripe Olive Day."

The text of the proclamation said: "From the time of the mission fathers to the present time, the culture of the olive in California has been one of the honored and distinctive industries of this State."

"For years, the flavorful olive, ripened in California's groves, has been recognized as a feature of the State's olive products. He said that given a tariff equal to the difference in the cost of production between Europe and the United States from 500,000 to 1,000,000 acres can be planted here to olives."

The Governor also telegraphed the Ways and Means Committee of the House of Representatives at Washington, urging that it give "most serious consideration" to increasing the duty on olive products. He said that given a tariff equal to the difference in the cost of production between Europe and the United States from 500,000 to 1,000,000 acres can be planted here to olives."

**COAST PASSPORT
OFFICE MENACED**
House Eliminates Appropriation for Bay City.
Means Great Inconvenience to Pacific Travelers.
Citrus Men Arrive for Hearing on Tariff.
BY ROBERT H. ARMSTRONG.
[EXCLUSIVE DISPATCH.]
WASHINGTON, Jan. 18.—Appropriation for carrying on the work of the passport offices at San Francisco and San Diego has been eliminated from the House of Representatives. Unless these items are restored in the Senate promptly, the San Francisco and San Diego passport offices will be eliminated at the end of the fiscal year June 30.
This will mean a great handicap to travelers bound from all Pacific Coast points to other ports and also will delay and put to inconvenience, travelers desiring to visit the interior of Mexico and European ports. The branch passport office has been a great convenience to the people of the Coast and every effort will be made by California Congressmen and Senators, as well as the Representatives and Senators from the other Coast States to obtain retention of this item in appropriation bill when it reaches the Senate.
In ordinary times the retention of the branch in New York is not of such importance, but the great distance between Washington and the Coast makes the retention of this branch almost imperative. Inasmuch as the State Department estimates that drastic passport regulations will be continued by all countries for several years, this change is of the greatest importance.
CITRUS MEN ARRIVE.
Citrus experts from California arrived here today in force, to secure adequate protection for California lemons. Headed by G. Harold Powell, general manager of the California Fruit Growers' Exchange, the men who propose to make secure the lemon industry of California, called on the California Congressmen and Senators during this afternoon and arranged to appear before a full meeting of the California delegation Thursday.
This meeting was arranged through Congressman Osborne, and will be preliminary to the presentation of the whole California citrus requirements in the new tariff bill, hearings before the Ways and Means Committee of the House Friday morning.
In the meantime President Powell and his associates had a conference with Senator Johnson this afternoon during which he agreed to insert an amendment in the emergency tariff bill increasing the rate of protection on California lemons, from 1.4 cents per pound to 2 cents per pound and furthermore, declared he would make a fight for it on the floor of the Senate.
ASK TWO-CENT DUTY.
California citrus growers will ask for 2 cents duty on all lemons imported into this country in the permanent tariff bill and 1 cent per pound on oranges. The 2 cents per pound will protect the California growers against making America a speculative market for the lemon growers of Italy and will equalize the cost of production in California with that in Italy so that the growers will be protected on a minimum price.
A million boxes surplus of California lemons over and above the United States consumption of lemons, both domestic and foreign, this year will insure to the consumers a low price and the duty of 2 cents per pound will be sufficient to keep the industry alive and healthy. The citrus accountants estimate that within a few years the lemon surplus in this country will be about three million boxes and this will be a deterrent against excessive prices.
OTHERS IN PARTY.
Others in the California party are C. C. Teague of Santa Paula, president of the California Fruit Growers' Exchange; R. H. Wilkinson, director of the same organization, of Los Angeles; F. O. Wallach, secretary of the California Citrus League. All of the arguments before the Congressional committee will be in behalf of the California Citrus League, of which all the members of the party are directors.
The walnut growers of California will present their request for permanent tariff protection on Monday. James Kilham of El Monte and Harry L. Lewis of Santa Ana are here to present the reasons why California walnuts should have adequate protection and they will make their arguments as representatives of the California Walnut Growers' League. They will be joined tomorrow by Carlisle Thorpe, general manager of the Walnut Growers' organization.

**GOVERNMENT ASKS
CABLE INJUNCTION.**
WOULD PREVENT WESTERN UNION PLAYING INTO BRITISH HAND.
[BY A. P. NIGHT WIRE.]
NEW YORK, Jan. 18.—Injunction proceedings to prevent the Western Union Telegraph Company from landing its cable from the Barbadoes at Miami, Fla., were instituted in the Federal Court today. The object is to prevent the landing on American soil by a British company, in co-operation with the defendant telegraph company, of a cable which extends from the Barbadoes to Brazil.
The government alleges that the contemplated cable is monopolistic as it holds an exclusive franchise from the government of Brazil which provides no other company may connect by submarine cable any two of the points within Brazil touched by the lines of the British company.
The reading also recited that the policy of the government for fifty years has been to secure for American citizens the right to maintain and operate cable between the United States and foreign countries on a basis of equality with citizens of other nations.
The practical effect of the Brazilian monopoly, it is alleged, is to shut off the right of an American company in the future of laying a direct cable between Brazil and the United States.

Nevada and Colorado Get Measures and Oregon Representative Acts.
[BY A. P. NIGHT WIRE.]
CARSON CITY (Nev.) Jan. 18.—A concurrent resolution proposing an amendment to the State constitution to provide that "foreigners who are ineligible to become citizens of the United States shall not hold, enjoy, possess or inherit real property which is adapted to agriculture, horticulture, viticulture, grazing or mining" was introduced at today's session of the Legislature by Senator Fitzgerald.
A plea for a harmonious session was contained in Gov. Boyle's message. He urged the creation of a board of charities and correction and a board of public works and repeal of the law legalizing certain forms of gambling. Taxation and revenue, highway construction, industrial relations, reclamation and soldiers' settlement also were discussed in the message.
The Governor asked for the appointment of a standing committee of the Legislature to confer with the California Legislature on the Lake Tahoe irrigation controversy. He reiterated in the message his determination to withdraw from politics at the end of his term, saying that he had "no personal aims or ambitions to promote, no friends to reward and no enemies to punish."

BERLIN PAPERS GLOOMY ON FIFTH ANNIVERSARY OF FOUNDING.
[BY CABLE AND ASSOCIATED PRESS.]
BERLIN, Jan. 18.—The fiftieth anniversary of the founding of the German Empire afforded the nation a press opportunity for indulging in "contemplation of the nation's political and economic plight, the working out of democracy and inspiring the future unity of the German people."
The Pan-German Deutsche Zeitung concedes to the German people possession of constitutional constructive faculties, but asserts these may only be converted into a national asset when led by a firm hand.
"No people are so poorly adapted to endure unbridled democracy as we," the newspaper asserts.
The newspaper declares the so-called individual right of self-determination has accomplished the propagation of petty traits in the German character, provincial jealousies and partisan rancor. It believes the future salvation of the German people can only be found in its will to be led and in exhibiting faith in its leaders.

**Do You Know a Baby Sick
With Constipation**
Tell the mother to give half a teaspoonful of Dr. Caldwell's Syrup Pepsin.
No thoughtful mother with children in the house will risk being without a good, reliable laxative. It will save many a serious illness, many a doctor's visit.
When the baby cries and is fretful, when the boy has no appetite and won't play, when the girl is listless and feverish, when there are complaints of headaches and colds, the mother can suspect constipation. Give Dr. Caldwell's Syrup Pepsin in the small dose prescribed on the bottle, when you put the child to bed, and with morning the ailment will have disappeared.
Dr. Caldwell's Syrup Pepsin is a popular compound of Egyptian Senna and other simple laxative herbs with pleasant-tasting aromatics. It acts gently and mildly, and children take it without objection. A sixty-cent bottle is enough to last an average family many months. The ingredients are endorsed in the U. S. Pharmacopoeia, and last year American mothers bought over eight million bottles of Dr. Caldwell's Syrup Pepsin from druggists. It is the largest selling liquid laxative in the world, and few cautious families are ever without it.

**SHIPPING BOARD
LOSSES SHOWN.**
Colonel Testifies on Accounts Before Committee.
Fixed Charges Not Taken Into Account, He Says.
Depreciation Ignored; Must Get New Methods.
[BY A. P. NIGHT WIRE.]
NEW YORK, Jan. 18.—Losses running into millions of dollars would be shown by the Shipping Board in the operation of its vessels if fixed charges were taken into account, Col. E. H. Abadie today informed the Walsh investigating committee. He is a former general controller of the board. Failure to include these fixed charges, such as insurance, depreciation, interest, etc., he said, made the financial statement show a profit, when, according to industrial practices, a net loss would be shown.
The witness had a trunk full of exhibits. From these and a prepared statement he read his testimony. A chart, which he identified as showing the voyage accounts of Shipping Board vessels, substantiated his statement, he said.
"In the North Atlantic trade," he testified, "there were 272 voyages subsequent to March 1, 1919, which showed a revenue of \$26,017,193.75 with a voyage expense of \$16,645,372.12, resulting in a profit before deducting fixed charges of \$9,371,821.63. Against these voyages, however, there had accrued fixed charges of \$12,545,497.11. It is obvious that there was a loss sustained on these 272 voyages of \$2,173,675.46."
A recapitulation of estimated vessel earnings and expenses for sailings, which began subsequent to March 1 and which voyage terminated prior to September 23, or a total voyage of chartered lay-up periods included as follows:
One thousand, five hundred and eighty-nine estimated voyage reports on 1110 vessels produced a total gross revenue of \$46,374,388.88 against which the total voyage expense should be thrown incurred by the operator of \$35,283,388.52. This gives a net revenue of \$11,090,999.36, which revenue would be practically the profit of operation from the government standpoint. The fixed charges against this net revenue covering both operating and lay-up periods of said vessels between the dates aforementioned was \$49,198,194.31. This shows a net loss was sustained of \$13,925,125.95.
These fixed charges, he said, are not audited, only estimated, and are not exacting as a guide to future trading ventures.
DEPRECIATION IGNORED.
The government, he added, in its accounting, does not take into consideration depreciation, but he said that in his opinion, it should. He also said he deemed it unfair to the people that accounts of its steamships should not show such charges.
Delays in securing voyage accounts—at times from sixty to ninety days behind the time they were contracted—caused like delays in auditing accounts, he said. He also asserted America must "get away from shipping customs of Great Britain," or, in his opinion, "the United States never would have a merchant marine, no matter at what prices the ships were sold."

MINERS MAKE MORE CHARGES.

Say Alabama Militiamen Are Not Necessary.

Ask That Federal Troops Go Into Field.

Governor Says State Soldiers Are Enough.

(BY A. P. NIGHT WIRE.)
INDIANAPOLIS, Jan. 18.—Charges that State troops being held in the coal fields near Jasper, Ala., are there for no other purpose than to break the strike of miners, are made in a statement issued today from the offices of the United Mine Workers of America.

According to the statement, officers of the mine workers were not surprised to learn that ten soldiers of the Alabama National Guard had been arrested at Jasper in connection with the killing of William Baird, coal miner, who was taken by force from jail. Baird was being held on a charge of having murdered a member of the militia.

OUTRAGES CHARGED.

The miners' statement, prepared by Ellis Searles, editor of the United Mine Workers' Journal, said: "This is one of a series of outrages that have been committed against striking miners of Alabama. Gunmen in the employ of the coal companies have shot up miners' homes and wounded women and children. They have shot down a number of miners for no reason whatever except to create a reign of terror. Fifteen hundred Alabama State troops have been in the strike zone for four months at a cost to the State of approximately \$400,000, but there has been nothing to do because the striking miners have been law abiding and have indulged in no disorders."

"The military authorities have issued orders forbidding all meetings of the United Mine Workers. We hear they have even prevented religious meetings and meetings of Masonic and other lodges attended by the coal miners."

ASK FEDERAL TROOPS.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 18.—A request that Federal troops be sent in to the coal mine strike district in Alabama to replace the Alabama National Guard has been received at the White House from the United Mine Workers of America.

The request was referred to the War Department. It was said that officials there had decided that the request for Federal troops should come from the governor.

CAN MEET SITUATION.

(BY A. P. NIGHT WIRE.)
MONTGOMERY (Ala.) Jan. 18.—Gov. Kirby said today the State militia was able to cope with the strike situation in the Alabama coal fields and that he was not disposed to entertain a request to ask for Federal troops.

LOST SEAPLANE SAFE ON BEACH.

No. 6 Has Two Holes in Hull, Engines Undamaged.

Commander and Machinist Menaced by Natives.

Pacific Fleet Beats Atlantic to Rendezvous.

(BY A. P. NIGHT WIRE.)
SAN JUAN DEL SUR (Nicaragua) Jan. 18.—The United States Navy seaplane NC-6 is lying on the beach at Cigante, a few miles from here. The seaplane has two holes in her hull, but her engines are undamaged and the machine can be repaired easily.

The tug Gannet has arrived from Nicoya, having searched all the bays and inlets. This tugboat brought word that the seaplane NC-5 had been found by the tender Munford last Sunday, which rescued the crew and then sank the plane.

Lieut. Compo, in command of NC-6, and Machinist Hickthier had a thrilling experience after leaving the NC-6 Saturday when they went in search of their own plane. They were lost for a considerable time in a tropical forest and were threatened by armed natives.

COMMANDER STRICKEN.

(BY A. P. NIGHT WIRE.)
U.S.S. NEW MEXICO AT SEA (By Radio to the Associated Press) Jan. 18.—Commander John H. Towers, division commander of the NC naval seaplanes on the flight from San Diego to Panama, was stricken with appendicitis while at sea and was transferred today in a serious condition to the hospital ship Mercy of the Pacific Fleet. He was operated on immediately and will live, fleet surgeons said.

FLEET ARRIVES.

The Pacific Fleet arrived at Balboa at 9 a.m. today. The New Mexico went inside and tied up at the dock. Official calls were exchanged. Admiral Hugh Rodman, in command of the Pacific Fleet, called on the Governor and President of Panama and the commanding general.

The naval seaplane NC-6, when last heard from, was making the flight between the Gulf of Fonseca and Gulf of Nicoya. No report has been received since 12:50 p.m., January 15.

U.S.S. Kanawha and U.S.S. Gannett have been continuing the search. The U.S.S. Munford with the survivors of the NC-6 is being towed by the Kanawha.

The U.S.S. Birmingham and eight destroyers of the Pacific Fleet were refused on their arrival here and were dispatched at once by the commandant to look for the NC-6. An off-shore wind probably has blown the plane westward.

The first unit of the Atlantic Fleet is due Wednesday. The Pennsylvania, flagship of Admiral Wilson, and the remainder of the battleships are due Sunday.

Fifty thousand dollars has been expended in making the search for the missing plane. The search is the most unique place of the kind in America.

REGULATION OF COAL APPROVED.

Heads of Government Agencies Give Opinions.

Experts Tell Senate Committee Plan is Workable.

Federal Expenditures Show Large Decrease.

WASHINGTON, Jan. 18.—Regulation of the coal industry as provided in the pending Calder bill was endorsed today by heads of two of the three government agencies which would be charged with administration of the measure.

Edgar E. Clark, chairman of the Interstate Commerce Commission, and Dr. G. O. Smith, director of the Geological Survey, both of which agencies together with the Federal Trade Commission, would be called on to enforce the regulatory provisions, told the Senate. Manufacturers' Committee the bill as drafted would be workable.

Chairman Clark was asked as to his opinion of provisions of the bill which would require the Interstate Commerce Commission to regulate freight car supply at mines and other facts as to coal movements.

CAR SHORTAGE. In his reply, approving such provisions, he declared that the acute car shortage of last year might again be experienced unless a means were devised to bring about the transportation of coal in advance of the seasonal requirements.

Assessing that the bill should be enacted, Director Smith outlined the two general methods proposed in the bill for dealing with the coal industry.

The first method to be applied during normal times, he said, "merely involves the collection of statistics of production, distribution of coal, which are to be made available to the public."

The second method, to be applied only in emergency and when found necessary by the Federal Trade Commission with the approval of the President, allows price-fixing, dealing in coal by the Federal government, and authorities control of the production, transportation and sale of coal.

REED STARTS DISCUSSION. Dr. Smith was led into a prolonged argument by Senator Reed of Missouri.

"Isn't it a fact that there was always plenty of coal at low prices prior to 1914 and the war?" Senator Reed asked.

"Do you know of a case where a man should not get all he wanted any time, having occasional strikes or railroad tieups?" he continued.

Dr. Smith replied that the industry had generally been "in bad condition and unstable, and troubled with over-production," to which the Senator responded that "over-production generally is a good thing for the community at large."

Senator Reed also contended that normal operation of economic supply and demand would give a better and cheaper coal supply than any Federal regulation.

EXPENDITURES DECREASE. Ordinary expenditures of the government for December decreased by about \$20,000,000 as compared with November, while payments on the public debt increased by nearly \$1,000,000,000, according to the treasury's monthly statement today.

For the six months ending December 31, ordinary disbursements fell off by more than \$1,000,000,000, compared with the corresponding period of 1919, while public debt expenditures declined by nearly \$4,000,000,000.

Ordinary disbursements for December totaled \$404,575,091 against \$426,092,512 in November, while public debt payments aggregated \$1,600,000,000 as compared with \$1,677,000,000 the month previous.

Interest on the public debt totaling \$124,462,181 led in the ordinary expenditures for the month, with \$34,572,054 by the War Department second, and \$34,532,475 paid by the railroads, third.

The redemption of \$1,779,592,000 in certificates of indebtedness accounted for the bulk of the payments on the public debt.

TALKS LANGDON SHOOTING.

Friend of Man Slain by Japanese Sentry Says Americans Are Insulted.

HONOLULU, Jan. 18.—Vladivostok streets are poorly lighted, making it necessary to carry a flashlight, according to J. W. Schueddig, fur dealer of St. Louis, returning to the United States from Vladivostok, in discussing here today the shooting of Naval Lieutenant Warren H. Langdon by a Japanese sentry in Vladivostok recently. Schueddig said that Japanese sentries frequently insult Americans.

The fur dealer also asserted that court-martialed. The message adds that the reported determination to discontinue the challenging of Americans has caused indignation among the Japanese troops, which would be affected by the order.

WITHDRAWALS URGED. American proposals that Japan, Great Britain and the United States "take a naval holiday" is eloquent proof that despite the fabulous riches of America, she wished to curtail national expenditures, and therefore the proposals are intended more to help America than to contribute to the peace of the world, said Marcus Okuma, former Japanese Premier, in an interview today.

He asserted America first should consult Great Britain relative to the suggested suspension of naval program.

The Yamato Shimbun argues the sentry merely was performing his duty, and asserts there is no reason for the death of an officer in a foreign country being regarded as a serious international incident.

The Japanese Crown Prince is planning an official visit to England next March, according to statements printed in newspapers of this city.

DISPUTE FEARED. "If, as believed," the newspaper continues, "America goes as far as to bring up Japan's basic policy in Siberia, including the question of the evacuation of the country by Japanese troops, it is likely fresh cause for discussion has arisen between the two governments, moreover, such a question would cause a dispute between the Japanese Foreign Office and military authorities here."

Surprise at what it terms "limit of the government" is expressed by the Hochi Shimbun, which adds: "The government is doing everything to apologize to America, when, according to information reaching Japan, no fault was found in the actions of the sentry who shot Lieutenant Langdon. Apparently the government has two stories—one for American consumption and the other for the Japanese."

The American colony is hopeful that Mr. Boyden will accept the ambassadorship because he is a real American who would watch United States' interests and not be bluffed by titles and decorations.

AMBASSADOR POST IS DECLINED BY BOYDEN.

BOSTONIAN REFUSES TO OUTFIT PALATIAL PALACE AT FRENCH CAPITAL.

PARIS, Jan. 18.—Roland W. Boyden, the American representative on the Reparations Commission, has been offered the post of Ambassador to France.

Mr. Boyden denied the honor because he is unwilling to be forced to rent a palatial palace and to entertain expensively, as he believes the American ambassador should retain American ideas and be free to represent the United States fittingly and diplomatically and not merely socially.

Mr. Boyden is the senior member of a Boston law firm and is reputed to be worth \$1,000,000.

The American colony is hopeful that Mr. Boyden will accept the ambassadorship because he is a real American who would watch United States' interests and not be bluffed by titles and decorations.

PRESIDENT URGED TO FAVOR DISARMAMENT.

ARIZONA HOUSE PASSES MEMORIAL; SEVERAL BILLS INTRODUCED.

PHOENIX, Jan. 18.—With a single dissenting vote the House today passed a memorial, asking President Wilson to favorably consider the Congressional memorial for disarmament.

The local move was sponsored by Representative Fishon of Maricopa, a World War veteran, with four scattering negative votes. The Senate also passed a memorial favoring recognition of Mexico. Representative Remington offered a bill recognizing osteopathy and licensing its practitioners.

Burk offered a bill prohibiting the use of public school buildings for special seminary work.

Five thousand dollars is asked for the relief of Claude Sharp, injured while working on the Capitol wing at the time of the last Legislature. The courts had decided the State could not be sued.

Backed by all the paid fire departments of the State, a bill offered by Senator Curtin calls for a two-plate organization of all fire organizations in towns of over 5000 population.

WILL MINE SULPHUR WITH STEAM SHOVELS.

ORLA (Tex.) Jan. 18.—Preparations are being made for the development of the large surface deposits of sulphur near here on an extensive scale. It is stated that two companies which own beds will mine the product by means of steam shovels. The tonnage of sulphur in sight is enormous, according to the reports of experts who have examined the properties.

It is planned to also build a sulphur refining plant near the mines and to convert the sulphur into a commercial commodity. Sulphuric acid will be manufactured and a fertilizing plant also will be built. The sulphur deposits are known to cover a large area and are believed to extend into the earth a considerable depth.

Note Threatens Girl Who Knifed Male Assailant.
Miss Helen Backus, the 15-year-old daughter of Perry R. Backus, an attorney, who last Friday night courageously stabbed a strange man who seized her at her home, 214 West Avenue 52, has been threatened by a mysterious note sent to her father.

The note was received yesterday by Mrs. Backus in the absence of her husband. It reads: "Watch your daughter or she will be offered as a sacrifice to the spirit world. A Friend."

Mrs. Backus sent the note to the police station and told Mr. Backus of the incident upon his return. "I have supplied my daughter with a revolver and have instructed her how to use it," stated Mr. Backus yesterday. "Although she is of slight build, I believe she will not hesitate to shoot if she is again assailed."

BANQUET DATE CHANGED
Merchants and Manufacturers Will Not Meet Until Next Week.

Owing to unforeseen and unavoidable circumstances, the annual banquet of the Merchants' and Manufacturers' Association has been postponed from next Saturday night until Friday, the 25th inst., when it will be held at the Ambassador at 7 o'clock.

Members are allowed to bring guests, and requests for guest tickets must be made to the secretary at the M. and M. offices, 1008 Van Nuys Building.

Spring Frocks

Unfolding new ideas in spring attire the Frocks arriving daily at Robinson's present fabric and color in the many combinations sponsored by Paris.

An afternoon Frock of gray crepe de chine has two knife-pleated ruffles on the skirt and a dropped waist-line. The upper part of the corsage is embroidered in navy braid.

The vogue for "woolies," as the English call it, is reflected in straight line one-piece knitted frocks of barred weave in tangerine and other colors.

An afternoon frock of black charmeuse has a crisp Martha Washington schu of lavender organdie, fastening at the side front with a bow and streamers of the organdie.

The two-material Frock is much liked. A dress of shrimp charmeuse has an over-bow of rust chamomille duvetyn.

THIRD FLOOR

Frock of Rodier cotton cloth in canary, with bated stripes of blue and green on the skirt. Blouse of canary crepe de chine. \$19.50.

The suit sketched is of navy tricotine, with collar and vest of brocade silk. The panels of the box coat are cut with rounded ends and profusely embroidered. \$110.00.

New Suits

New tailors for street and afternoon wear achieve smartness by line, trimming and that innate something: Robinson's style.

Among these new models are:

A suit in check blue and tan velour shows the spring mode for round silver buttons, long revers and a single fastening at the waist-line. The semi-fitting coat is slightly shorter than knee-length. This model is priced at \$79.50.

A second suit in soft gray tricotine has a box pleated peplum. The coat is braided in self-color. \$89.50.

THIRD FLOOR

575 Yards Tailor Cloths Reduced to \$3.95 Yard

575 Yards of Tailor Cloths, regularly priced at much higher figures, are now offered at \$3.95 a yard.

These are one hundred per cent wool Cloths, suitable for men's suits mostly, but many are especially appropriate for misses' coats for street and motor wear.

There are both foreign and domestic cloths—mannish mixtures in dark shades—at \$3.95 a yard.

SECOND FLOOR

100 Silk Petticoats, \$5.95

100 Silk Petticoats make up a special purchase bought at a low figure.

50 of the Petticoats are of heavy Beau de Cygne satin made with a narrow pleated flounce. They come in changeables, combining the colors most wanted for spring.

The other 50 Petticoats are of Silk Jersey in navy, emerald, henna, rose, purple and taupe. In the pleated flounce are Van Dyke insets in contrasting colors.

All of these Silk Petticoats in straight-line models are priced at \$5.95.

THIRD FLOOR

Gretchen Frocks \$8.75

The entire stock of Gretchen Frocks has been reduced in price to \$8.75.

These Frocks, pretty enough to have just stepped out of a brilliant-hued poster, are both youthful and practical.

They are made of Japanese crepe of good quality. The gathered skirt in colors of light pink, Copen, lavender, orange or gold is attached to the white crepe waist with large pearl buttons.

The skirt has bouffant lines and is trimmed with an applique of fruit in bright colors.

The waist has set in sleeves. The Dutch neck is outlined in black buttonhole stitching.

For Wednesday the entire stock of Gretchen Frocks, in a good range of sizes, will be offered at \$8.75.

THIRD FLOOR

500 Linen Guest Towels, 95c

500 Hemstitched Linen Guest Towels are reduced to 95c each for Wednesday.

The Towels are of fine, firm quality of all-linen huck. Some are plain, others have a space in the damask pattern for monogram. All are hemstitched.

SECOND FLOOR

FIRST FLOOR

Boys' Middy Suits \$9.75

68 Boys' Middy Suits of all-wool blue serge in regulation type are offered at \$9.75.

The fact that this comprises a special purchase bought advantageously, accounts for this exceptionally low pricing.

The middies have a drawstring at the waist and are trimmed with wash braid.

The trousers are straight and lined throughout.

The Suits are for young lads in school and their still younger brothers—from 3 to 8 years.

For Wednesday, then, 68 Boys' Serge Middy Suits at \$9.75, in the Boys' Junior Section on the

GOES EAST FOR NOVEL RECIPES.

Noted Chef Will Visit Many Hotels and Cafes.

Chicken Pot Pie and Salads Interest Readers.

Economy Cake Does Not Take Milk, Eggs, Butter.

BY A. L. WYMAN.

[Do not send any more requests to Chef Wyman for recipes, as he is leaving in a few days for a tour of the East and will send The Times many novel and worth-while recipes used in the large hotels and cafes of the eastern cities that he visits.—Ed.]

Before I leave for the East I want to thank my many correspondents for their help in making this column interesting to those who enjoy good things to eat, and while I am gone I will do my best to keep the readers of The Times informed as to the newest and most tasty dishes that are served in the catering establishments of the prominent cities which I will visit.

Next week this column will have two menus of interest to those who come from the East. Publication of them was made possible by a request from the head of my house. E. J. K., city, requests a recipe for chicken pot pie, family style. Cut up a fat hen as for fricassee of chicken. Wash well and put in a deep pot with four cups of water, season with salt and pepper, bring to a boil and skin, add a sprig of parsley, a stalk of celery, a piece of carrot and boil thirty minutes; remove vegetables and add twelve small onions, twelve small round potatoes and half a cup of salt pork cut in small pieces. Boil until chicken and vegetables are tender. Mix three tablespoons of flour with half a cup of milk and stir into the stew; boil ten minutes and pour into a deep baking dish, sprinkle with chopped parsley and when cold cover with rich biscuit dough; bake in a medium oven until well browned. Serve in the same dish.

OYSTERS YAQUINO.

M. R. L., city, wants a recipe for oysters Yaquino as served in a Portland cafe. Select twelve large oysters in the shell, open and leave on the deep shell, season with salt and paprika, put on each oyster a piece of butter and a teaspoon of finely chopped mild onion. Bake in the oven and serve piping hot.

H. G. B., city, requests a recipe for English muffins. Heat two cups of milk and add four cups of sifted flour. Let rise about four hours or until light and spongy. Grease a pan that will hold twelve large muffin rings, grease twelve muffin rings and arrange on the pan. Fill rings half full with the dough and let rise until the rings are filled. Bake in a hot oven thirty minutes.

F. A. G., Pasadena, wants to know if I have a recipe for Astoria. I have. Try this one. Mix one small cream cheese with one teaspoon lemon juice, four fine chopped fine, half a cup of seeded raisins and serve with a dressing made with half a cup of mayonnaise and half a cup of whipped cream.

W. R. M., Alhambra, also asks for a salad, one that will be nice to serve for a supper for men. Mix equal parts of water, cream, celery, tart apple and shredded lettuce, pour over a good French dressing and garnish with sliced pimientos and hard boiled egg.

GIVES NEW TWIST.

F. A., city, asks for the Thousand Island dressing for salads as served at one of the popular cafes. This is a little different than the recipe printed in a late issue of The Times. Mix with a cup of mayonnaise, one tablespoon finely chopped capers, one tablespoon minced beets, one tablespoon chopped onion, one tablespoon chopped parsley, one tablespoon chopped hard boiled egg, tablespoon chopped pimiento and a few drops of tala sauce.

W. A. L., Covina, wants the recipe for eggless, milkless and butterless cake that I gave at a food conservation demonstration two years ago. Place in a saucepan, two cups sugar, two cups water, four tablespoons shortening, one pound seeded raisins and boil five minutes. When cool add three cups flour sifted with two teaspoons soda, one teaspoon each cloves, cinnamon and nutmeg, mix well and bake in a moderate oven. This cake will keep for weeks.

DOUGH TWO WAYS.

J. H. G., city, has a friend from the old country who likes cardamon flavored doughnuts and wants recipe for making same. There are two ways of making the cardamon doughnuts, one with yeast and one with baking powder. For the recipe with yeast, crumble two cakes of compressed yeast in a bowl and add one cup of lukewarm scalded milk and beat in one cup of flour. Set aside in a warm place to rise. Beat to a cream half a cup of butter and three-quarters cup of sugar with one egg and add to the yeast mixture with four cups of flour, one ounce of bruised cardamon seed and the grated rind of half a lemon, knead until the dough is smooth and elastic. Set in a warm place until double in bulk, turn out on a floured board, roll out, and cut into rings. Let stand until double in size and fry in deep hot fat.

For the baking powder cardamon seed doughnuts use the recipe for cream doughnuts, omit the ginger and add one teaspoon bruised cardamon seed and one teaspoon grated lemon peel.

A. F. G., Santa Monica, would like to know how to make cream doughnuts. Beat two eggs light and add four tablespoons sugar and beat well; beat in two tablespoons of cream and one teaspoon salt. Sift two cups of flour with four teaspoons baking powder, one teaspoon of ginger and add to the first mixture with six tablespoons of milk; mix well and drop from a tablespoon into deep hot fat.

Mr. and Mrs. F., city, are fond of French pastry as served in a large store cafe in Chicago and would like to know how it is made. As I expect to be in Chicago within the next two weeks I will make a visit to the cafe you mention and secure the recipe for you.

SEND WIRES TO
SAVE INDUSTRY.Olive Groves Lost Unless
They Are Protected
by Tariff.Citing convincing facts and
figures to show that the olive-
growing industry of California
is threatened with destruction
by competition with cheap
production in Europe olive
growers are urging the people
of this State to telegraph re-
quests to the Ways and Means
Committee to fix a tariff rate
that will afford adequate pro-
tection. The committee will
meet beginning Friday of this
week and the Olive Growers'
Association is appealing to
citizens generally to help them
in their efforts to convince
Congress that unless the in-
dustry is protected by tariff it
will be dissolved.There are more than 40,000
acres of olive trees in Cal-
ifornia, employing 8000 people
and yielding \$50,000,000 an-
nually. About \$20,000,000 is in-
vested. Adequately protected
the industry will grow and ex-
pand as there is a great deal
of land here suitable for olive
production. California is the
only olive-growing State in
the United States and, with
protection, can eventually
produce a crop worth \$25-
\$30,000,000 annually, according to
figures and estimates compiled
by the Olive Growers' Asso-

actor, who is now playing a lead-
ing role opposite Nazimova in a pro-
duction of "Camille" being filmed

full name is Rudolph Valentino
Guglielmo, the complaint sets forth,
and his wife, Mrs. Harriet Gugliel-
mo, is known on the stage and
screen as Jane Acker and has played
many prominent roles, according to
her attorney, Ingle Carpenter.Mrs. Guglielmo sets forth in her
complaint that she married the actor
in this city on Nov. 5, 1919, and that
he deserted her one month later. She
declares that her husband has not
provided for her since their separa-
tion, that she is in debt to the extent
of \$2500 for living expenses and
medical attention. Valentino, she
says, receives a salary of \$150 a
week.Valentino, who recently finished a
leading part in the screen version of
"The Four Horsemen of the Apoca-
lypse," also played a leading
role opposite Dorothy Phillips in

WEAVER NAMES HIS SELECTIONS.

Appoints Nine New A.A.U. Committees This Year.

Favored Ones All Familiar With the Work.

Frank A. Garbutt is the Chairman of Handball.

National President Robert S. Weaver of the A.A.U. yesterday announced his selections of chairmen and members for the various national committees.

There are nine new committees this year—industrial committee, boxing committee, wrestling committee, swimming committee, promotional committee, editorial committee, handball committee, American Legion and National Guard committee and the East Potomac stadium committee.

Weaver has done something new in choosing as chairmen of the different committees men who are actually acquainted and familiar with the work which they are to handle. Particularly Weaver has picked men who will work and they are to report to him each month what has been done.

The new editorial and bulletin committee was formed for the purpose of getting out a monthly bulletin, which will be sent to high schools and colleges to keep them acquainted with what is going on in the A.A.U. world.

The East Potomac stadium committee came into existence because Congress has voted funds to build a gigantic stadium, and its members will handle the details of this project.

Frank A. Garbutt of the Los Angeles Athletic Club, is chairman of the handball rules committee.

Southern Californians on the various committees follow:

Champion committee—President Robert S. Weaver, chairman; Dave Dunn; handball rules committee, Frank A. Garbutt; East Potomac stadium committee, Warren Board; promotional and special legislation committee, Warren Board; wrestling committee, George Retzer, Jr.; industrial committee, R. W. Horning; boxing committee, George Retzer, Jr.; track and field committee, Dave Dunn; editorial and bulletin committee, Dave Dunn; basketball committee, R. W. Horning; registration committee, Warren Board; swimming committee, Lee Henry; Charles Weldon; gymnastic committee, Ralph Jenson.

ENGLISH AMATEURS OUTBOX AMERICANS.

NEW YORK, Jan. 18.—English amateur boxers triumphed over their American opponents in all four bouts staged by the International Sporting Club here last night. A knockout was scored by Hugh Brown, amateur middleweight champion of England and the British army, who stopped in the second round Ben Davis, the Indian light heavyweight champion of the United States Army.

Capt. E. V. Chandler, amateur heavyweight champion of England and the British army, won from John Cortwright, champion of the United States Army, by 23 points to 22. John Watson, British navy champion heavyweight, defeated Ralph Ritchie, American Navy champion, 31 points to 24, and Harry M. Allan, middleweight, titleholder of the London police, outpointed John Buff, New York police welterweight title holder.

"FLASH" MADIGASS TO COACH ST. MARY'S.

OAKLAND, Jan. 18.—Appointment of Edward P. ("Flash") Madigass, former Notre Dame football star, as coach at St. Mary's College here, has met with the approval of a large number of college graduates, who have wired and mailed congratulations to the selection.

When the St. Mary's team was defeated at football 127-0 by the University of California last season the graduates requested that the team be withdrawn from competition.

Madigass was coach last year at Columbia College, Portland, Or. He was recommended to St. Mary's by James Richardson, athletic director at the Oregon Agricultural College.

HONOLULU WANTS A TWIRL AT STANFORD.

HONOLULU (T. H.) Jan. 18.—Hawaiian football enthusiasts are urging that an attempt be made to bring the Stanford University football team to Honolulu for Christmas and New Year's Day games next season. The recent holiday trip to the islands of the University of Nevada football eleven was so successful that it is proposed to have a mainland team come to the islands every year.

While here the Nevada team defeated the University of Hawaii 14-0 Christmas Day and played a scoreless tie New Year's Day with the Outrigger Club.

ANNUAL GOLF PLAY DATED FOR JULY 21.

DEL MONTE, Jan. 18.—Announcement was made here recently that the second annual California State junior golf championship tournament will be played on the Del Monte course July 21-24 under the auspices of the California Golf Association.

Alterations are being made at Pebble Beach course near here, which will lengthen it to 6250 yards, making it a standard course in every way. New greens have been put in at the first, seventh, ninth and twelfth holes, and a new green is planned for the fourteenth.

RAIN PUTS LINKS IN FINE SHAPE.

town, apparently because they don't know it exists. It is the Bullock shop on the mezzanine floor, reached from the Hill street entrance.

Presided over by C. F. Kemp and his assistant, Jack Sanford, it is about the busiest place in seventeen States. Here John Duncan Dunn, former instructor at the Los Angeles Country Club, gives lessons from early noon until late at night. John Dunn has sixteen lessons and the British army, won from John Cortwright, champion of the United States Army, by 23 points to 22.

The best thing about the Bullock shop is the splendid line of clubs. There are George Dunham, James Scotty Armstrong combination for the afternoon of January 30. Diegel and Fraser won last Sunday, 1 up at the twenty-first green.

The return match will be played at Midwick, and will be for the benefit of the Pasadena Children's Hospital fund.

According to Jimmy Reid of Dyala's there will be a ladies' match at Santa Barbara next Saturday that has

the earmarks of considerable class. Miss Marion Hollins, recently from New York, Miss Margaret Camaron, the Little State champion, Mrs. Dunn, Webb, and Miss Margaret Landreth will play over the Channel City links for the benefit of the Harry Lauder fund.

There is a rumor abroad in the land that Leo Diegel and Eddie Loos of the Pasadena Golf Club have challenged McDonald Smith and John Black of San Francisco for a handsome side bet.

The only stipulation on the part of the southerners is that thirty-six holes of the match be played at the Pasadena course, the remaining thirty-six to be played on some San Francisco course chosen by the northerners.

It was learned yesterday from Ed Gayer that McDonald Smith is nursing a broken wrist bone, so it is unlikely that the match will be played in the immediate future.

The second round of the newspaper men's tourney will be played today at the Pasadena Golf Club, rain or shine. Nothing in the way of elements can daunt the scribes.

CRESCENTS WRANGLE WITH L.A.C. TONIGHT

The Whittier Crescent basketball team will meet the Los Angeles Athletic Club five in a hot game on the club court tonight. The Athletic Club team has won all four games played this season, and is figuring on adding the Whittier scalp to night.

In a preliminary contest the fast Manual Arts quintet will clash with the lightweight five representing the Athletic club. Dancing will follow the final contest of the evening.

LIVELY FIGHT MARKS YELLOW TAXI SESSION.

FERRIS AND MUMA FACTIONS BATTLE FOR CONTROL AND HURL MANY CHARGES.

Replete with sensational charges and countercharges, a six-hour session which ended at midnight last night characterized the first annual stockholders' meeting of the Yellow Taxicab Company held at the Eagles' Hall, Sixteenth and Figueroa streets.

Nearly 1000 of the 1800 stockholders were present to listen to the word-battle between the two factions on the present board of directors, the one led by Dick Ferris, vice-president and general manager, the other by President I. J. Muma.

The majority faction included Mr. Ferris, Harry Leih, N. P. Vickery, Maude Banks and Edward Brandstatter. Siding with President Muma on the minority side were John E. Elliott, George J. Jenkins and E. B. Rivers.

The fight centered about the passing of a 4 per cent dividend from the \$12,000 surplus which Treasurer Lieb's report showed on hand. The Ferris faction favored it; the Muma faction opposed.

The statement made by General Manager Ferris in his report that the scheme had been on foot and said he believed it would have been for the best interests of the company.

The short and ugly word was hurled about many times in the discussions, while Mr. Ferris gave a new word to the dictionary of commerce when he termed the minority directors "business morons."

Owing to the single shot and cumulative system of stock voting

the results of the annual election of directors will not be ready to announce until noon today.

SHOOTS AT CUSTOMER.

Japanese Opens Fire When Mexican Can't Pay Thirty Cents.

Because Thorolco Hernandez, a youthful Mexican, was unable to pay 30 cents for a meal he had eaten in a cafe at 414 North Main street, H. S. Sahamoto, the Japanese proprietor, late yesterday afternoon drew a large revolver and opened fire on his offending customer. None of them are in the City Jail. Sahamoto is charged with assault with a deadly weapon and Hernandez is held as a witness.

KELLY SIGNS WITH IDAHO GRID SQUAD.

MOSCOW (Idaho) Jan. 18.—Thomas Kelly, former Chicago football star, who coached the winning 1920 University of Idaho football team, has signed a three-year contract with the Idaho school. Kelly's 1920 team was considered the best eleven produced by Idaho in two college generations. He will coach football and track and assist in baseball and basketball work.

COAST LEAGUE HAD 214 MEN ON THE ROLL.

SAN FRANCISCO, Jan. 18.—During the 1930 season the eight clubs of the Pacific Coast Baseball League had on their salary rolls 214 men—an average of about twenty-six players for each team. Seattle, Salt Lake and Portland employed twenty-four men each, the smallest number in the league. Oakland and San Francisco led the list with twenty-nine players during the season.

“and”

We think the word “and” is the most important word in this advertisement. That’s why we’ve put it at the top in big, black letters.

If you’re a man and if you wear clothes this word means a lot to you. Here’s why:

These three letters spell the biggest clothing value on the Coast—\$47.50 “and” Hart Schaffner & Marx quality—a bridge uniting high quality and low price.

Price alone is unimportant. It’s not hard to find low price. And it’s easy to find high quality if you want to pay big money for it.

Low price “and” high quality—\$47.50 “and” Hart Schaffner & Marx. That’s our story.

Largest assortment, lowest prices, highest quality—and satisfaction or money back

"MARY" EN ROUTE.

COHAN'S NEW MUSICAL SHOW TO PLAY HERE SOON.

By Edwin Schallert.

Los Angeles is to glimpse George M. Cohan's new musical show, "Mary," very shortly. This, despite the fact that the production went on only a few months ago in New York.

Characteristically enterprising, Mr. Cohan has already put out a touring company in his highly successful creation, and Los Angeles is one of the early stopping places on the schedule. "Mary" will probably play the Mason in the course of a month.

Already musical numbers from the production have captured favor. They reveal the usual ingenuity of the author in meeting the popular demand.

The story of "Mary" has to do with the leading feminine character in "Forty-Five Minutes from Broadway," which, in its time, was probably Mr. Cohan's most successful musical show.

HARP ENSEMBLE AND GIFTED SINGER.

Against a background of celestial-voiced instruments appeared two soloists whose intelligence in their art left on the mind of the listeners an impression of unique beauty at the concert by the Salzedo Harp Ensemble last night at Philharmonic Auditorium. These soloists were Carlos Salzedo, himself, a master of velvety and subtly iridescent harp tones, and Povia Frisch, the Danish soprano, possessed of acute and discriminating powers of interpretation.

Mr. Salzedo's harp ensemble, a musical fairy, is made up of six girls, with himself as leader. Each of his assistants is apparently something of a virtuoso in her own right. The quality of the tone in the Sixth French Suite, which opened the program, and the Three Debussy Preludes which were the closing group, was pre-eminently an opalescent loveliness. The fragile delicacy of the individual intonations assumed a splendid vitality as a result of the fine blending. The general effect had entrancing charm.

Miss Frisch's own presentation of French folk songs and his own preludes was a revelation in what can be accomplished in feathery lightness of touch. The harmonies he obtained from his instrument were as pure and radiant as sunlight.

Miss Frisch knows her matter—the songs of Scandinavia. Her depth of feeling invests them with a meaning. Such numbers as the "Snow" of Erik Satie and the "Sylvain" by Christian Sinding proved superior in fascination, and demanded an encore. Her rendering of the French and English numbers, while not quite so striking in freedom of style and authority as the French numbers, were nevertheless of appreciation through the intellectual singer's manner.

Here is not a voice that captures readily, but her personality and style are brilliant in the extreme.

The appearance of the ensemble had the effect of a very attractive stage picture, because of the rare taste in harmonizing evinced in the parts of the girls.

Los Angeles Trio.

Artistic completeness marked the concert presented by the Los Angeles Trio last Monday evening at the Bell club house. The organization, composed of MacDonald Hope, pianist; Leon Goldwasser, violinist; and Ilya Bronson, cellist, revealed a beautiful and energetic ensemble. Increased excellence in their interpretations on this, their second appearance.

Two trios, the Beethoven No. 3 in C minor, and Brahms in B major, Opus 8, were notable for the enriched, tonal fabric, and the warmth of phrasing.

Mr. Bronson and Brahms in B major, Opus 8, were notable for the enriched, tonal fabric, and the warmth of phrasing.

Unveiling "Ada."

During the grand opera season an enthusiastic music lover rang up the box office at Philharmonic Auditorium shortly before the presentation of Verdi's opera "Ada."

In an excited voice she said: "Tell me, please, what time does the curtain go up tonight on 'Ada'?"

No doubt this same person is under the impression that her ensemble is another name for a saxophone quartet.

Page King Baggot.

Not always are intriguing questions confined to the music world. The other day Manager Charles E. Baker of Miller's Theater received a query from a lady over the phone as to whether or not the Kentucky Yankee in "King Baggot's Court" was still showing at the house.

"Thank you," she said upon receiving a reply to the affirmative, "don't care much for pictures as a rule, but I do want to see Mark Twain, because he must be getting along in years."

Singer Returns from East.

Relyea Ver Den, soprano, has returned from an eighteen-months' tour of the East, and is singing this week at Clune's Broadway. During her absence she filled engagements at a number of the leading theaters in New York, Boston, Philadelphia and other eastern cities.

Her selection on the Clune program is "Awake Dearest One," which is being very appreciatively received.

Publish Song.

"California Love," a quaint song revealing the doughboy's longing for their sunny home while in France, has been published by two local veterans of Chateau Thierry and the Argonne, J. M. de Rubertis and W. Warren Martin. It is being presented this week at Grauman's Theater.

Blue Sunday Satire.

Lillian Hackett and Joy McCreery are playing leading roles opposite Eddie Layne and Joe Moran in "Bootlegging," their amusing satire on possibilities of Blue Sunday legislation, now in the making.

Miss Hackett was seen in the Lyons and Moran satires, "Once a Plumber," while Mr. McCreery is a recruit from the musical comedy stage.

Joe Martin Comedies.

A new set of Joe Martin comedies has been started at Universal City under the direction of Harry Burns, assisted by C. C. Stecker, Joe Martin's brother. Many of the animals of Universal City will be used from the tiny monkeys to the largest elephant.

was made under the direction of Edwin Carewe.

"Empire of Diamonds."

Dealing in a spectacular manner with the activities of gem counterfeiter. "The Empire of Diamonds" will be shown on the screen at the Hippodrome starting today.

The vaudeville bill will include Olga's Laobards, Bryant and Stewart, billed as a couple of daffydills; Lee Beggs and company, presenting "The Old Polka Home," a rumbustious sketch; the Nahrarhio Duo, character entertainers and Mooney and Chapman, in comedy.

Larry Remon's fun feature, "The Sportsman," will be shown on the screen.

Vidor Representative Leaves.

Edmund C. Grainger, New York representative for King Vidor productions, has left for the eastern metropolis after a visit here of several weeks.

Seabury Now in Cast.

Forest Seabury is to substitute for Fred F. Cummings in the cast of "Clarence," which is now in the tenth week at the Majestic Theater.

First Showing Today.

"A Small Town Idol," Mack Sennett's comedy drama, is to open its engagement today at the Mission Theater. Elaborate specialties are introduced during the story, among them a ballet directed by Ernest Borgnine, which was staged at the studio.

Will Attend Concert.

Representative of the Knute Flanagan Company from Southern California are to attend in a body the piano concert by Brahms Van Den Berg, Thursday morning, at the Alexandria Hotel. Mr. Van Den Berg is playing a Liszt program.

Hoot Gibson Series.

Hoot Gibson, Universal's cowboy star, will soon begin a series of short reel features dealing with the exploits of Texas ranger. While each production will be complete in itself, the same leading characters will figure in the different stories.

Staging Play in Film.

A play which is being filmed at Universal City this week in Priscilla Dean's current feature "False Colors," directed by Stuart Paton. The theater set at the studio has been transformed into a replica of a New York playhouse, and 1200 men and women in evening clothes are impersonating a first night audience.

Notable Film Shipment.

A large shipment of films left New York yesterday en route to S. Barrett McCormick, managing director of the new Ambassador Theater. The solidly constructed American distribution value of more than \$5,000,000.

Included in this list are "Passion" with Pola Negri; Charlie Chaplin's "The Kid"; R. A. Walsh's "The Oath"; Norma Talmadge's "Playing the Game"; Sydney Franklin's "Not Guilty"; Constance Talmadge's "Mamma's Affair"; The Great Adventure with Lonet Barrymore; Allen Holubar's "Man, Woman, Marriage"; starring Dorothy Phillips; Marshall Neilan's "Not a Drum Was Heard"; Louis B. Mayer's "The Woman in His House"; Anita Stewart's "Rising of the Wind"; and "The Old Swimming Hole," starring Charles Ray.

Two special messengers are accompanying the shipment, Olga Stead returns to her home in Los Angeles to be the soloist with the Philharmonic Orchestra at its next symphony concert Friday afternoon and Saturday evening. She will play the Concerto in E flat by Liszt.

The success of this Los Angeles artist has been extraordinary. In Europe and America she has been splendidly acclaimed. Her success at orchestral appearances has been no less than her success in recital. The usual interpretative lecture by Richard Buhlig will be given this afternoon at the Friday morning clubhouse.

Lila Lee.

Leatrice Joy.

May Cloy.

On Screen and Stage.

Leatrice Joy is in "Bunt Pulls the Strings," at California; May Cloy, with Bob and Bill, coming to Mason next week; Marjorie Rambeau musical show, "The High Cost of Living," and Lila Lee, in "Midsummer Madness," at Grauman's Rialto, and "The Charm School," at the Garrick.

STAGE ENTERPRISE.

TOM WILKES DECLARES STOCK IS APPROACHING KEY-DEY.

By Grace Kingsley.

Theatrical enterprise which promises a big addition to production, as well as adding materially to stock presentation throughout the Middle West, was announced by Tom Wilkes, head of the Wilkes theatrical interests, yesterday, just before he left for San Francisco, where his home and headquarters are. He visited here to look over the activities at his local house, the Majestic.

Mr. Wilkes is a very unobtrusive and modest person, and seldom in deed does he personally have anything to say for publication, but yesterday he opened his heart and made known his plans, which are of unusual importance. Included in his proposal to bring to this city at various times during the spring and summer certain well-known New York stars and their stage successes, just as he brought Marjorie Rambeau West in "Eyes of Youth" last season. He will announce these and other plans some time within the near future.

In the meantime he is negotiating with some well-known playwrights, and others, for the production of a number of new plays at the Majestic.

The first of these, "War Brides" and other dramas.

Mr. Wilkes will bring West from New York a number of the best of the new plays, and who will be sent to New York in the success. Next month Mr. Wilkes will leave for New York to take up matters relative to the new productions, securing stage stars and playwrights, etc., and also in order to secure the stock rights to certain New York successes.

Another enterprise of importance is that by which he will establish a string of theaters through the Middle West, to be used as stock houses. These will either be built or leased, in Minneapolis, St. Paul, Kansas City, St. Louis, Omaha and other cities.

"The road shows are badly demoralized," declared Mr. Wilkes, "due to high cost of transportation. Therefore the hey-day of stock is at hand throughout the country."

Speaking of the theatrical fare he means to dispense here, he declared that he believed we had been cut off from seeing some of the best New York plays, and that he means to remedy this in so far as possible.

Frank Keenan is being launched in a tour of "John Ferguson," opening in San Diego next week, when Mr. Wilkes will journey southward to witness the event. The tour will include all the more important cities of the Coast, ending in Vancouver.

Speaking of theatrical production enterprises, Mr. Wilkes has a high tribute to Oliver Morosco for declaring he considered that this city owes quite an incalculable debt of gratitude for the ability, enterprise and finely progressive spirit which that manager has shown in giving high grade theatrical attractions and for putting Los Angeles on the map as a producing center.

Samuel Goldwyn Entertainers.

Giving the newspaper folk a chance to take a peep at his impressive collection of eminent authors is what Samuel Goldwyn did yesterday, when he entertained at a studio luncheon at which both the eminent and (as somebody put it) the imminent authors foregathered.

Brilliant speeches were made by writers, including Mary Roberts Rinehart, who declared in a humorous little talk that she was weary

Los Angeles and Rio Hondo rivers were rising rapidly yesterday, but the flood-control office declared that there was no danger of flood damage. In Northern and Central California several rivers were said to have gone above the flood stage and serious break in levees were expected last night if heavy showers continued.

IN THE NORTH.
SAN FRANCISCO, Jan. 18.—Conditions favorable for clearing weather in California Wednesday was the reassurance carried by the Weather Bureau report tonight to regions threatened with flood from the heavy rains of the last few days. Heaviest precipitation was recorded at Los Angeles with 2.27 inches. Wind speed was sixty-five miles an hour at Point Reyes.

The two Pacific storms have nearly united, the report said, and were located tonight over Montana and the Snake River country. Rainfall has been heaviest in the southern half of California. Storm warnings were displayed tonight from San Diego north to Point Reyes, but probably can be taken down in the morning, it was said.

VISALIA, Jan. 18.—The worst storm of the season visited Tulare county today and rain, said to be badly needed by grain raisers and cattlemen, raised the precipitation for the season considerably above normal. Eight inches to a foot of snow fell in the Sierras.

A small cloudburst was reported northeast of Visalia, with more than an inch of rain in one hour. No rain fell in the hills, so rivers are normal.

SAN BERNARDINO, Jan. 18.—Heavy rain fell today throughout San Bernardino county. At Bear Valley, in the mountains, 14 inches of snow fell. Precipitation at various points was:

San Bernardino, 2.29 inches; Highland, 2.49; Ontario, 2.25; Redlands, 1.78; Victorville, 2.25; Fontana, 1.92.

IN SAN JOAQUIN
(BY A. P. DAY WIRE.)
PESNO, Jan. 18.—More showers here tonight and tomorrow was the weather man's prediction to the farmers today after the best rain of the season yesterday and last night. The total storm was 2.87, which brings the season up to the normal. The rain was of great benefit to the farming districts, the weather man stated today.

FLOOD AT WILLOWS.
(BY A. P. NIGHT WIRE.)
WILLOWS, Jan. 18.—Part of Willows is flooded and some of its surroundings are under water as a result of the three inches of rain since Sunday noon. Sloughs and creeks are running bank-full.

LIFE STRUGGLE STARTS TODAY.

Will Begin to Impel Jury in Trial of Mrs. Peete.

Woolwine Asks Dismissal of Maudlin Sentimentality.

Withhold Judgment, Appeal of Public Defender.

With many weeks of careful preparation behind them and prospects of a bitter struggle ahead, the prosecution and defense attorneys in the case of the people vs. Lofe Louisa Peete today will have their first official meeting of wits in selecting the jury to try the woman accused of the murder of Jacob C. Denton. The case begins before Judge Willis in Department No. 15-Hall of Justice at 10 a.m. Public Defender Aggeler's guess of two days to fill the jury box is the lowest estimate of the time requirement.

Appeals to the public by both Dist. Atty. Woolwine and the Public Defender marked the closing hours of conferences by the public officials, who by the strange circumstance of the case are representing the people both in building up a case against Mrs. Peete and also in presenting her defense. Mr. Woolwine asked the public to dissociate what he terms "misplaced and maudlin sentimentality" in determining the issue of whether persons charged by grand juries with revolting crimes are guilty.

Mr. Aggeler, expressing Mrs. Peete's views, also issued a statement urging the public to withhold judgment until both sides of the case have been officially presented. Mrs. Peete said she is ready for the trial and has been anxiously awaiting the opportunity to have her side of the case presented in court.

Approximately 110 witnesses are under subpoena for the case, eighty of whom are State witnesses. Mr. Aggeler said last night that the defense has called thirty witnesses and that possibly more may be summoned.

Chief interest centers about Mrs. Peete, who will be her own star witness. In the list of State witnesses, probably not more than fifty or sixty will be called for the case in chief. The others having been summoned as possible rebuttal witnesses.

The trial is being held before the Peete and Mr. Aggeler before the trial was held last yesterday afternoon and lasted less than an hour. Mr. Aggeler will be assisted in the defense by Deputies Frederic H. Vercoe and Robert H. Scott.

Mr. Woolwine, veteran prosecutor, who heads the counsel for the State, will be assisted in the trial by Deputies Raymond I. Turney and Charles Van Cott.

With the exception of Deputy Public Defender Robert H. Scott, Mrs. Peete's counsel are veterans of hundreds of criminal cases tried

VENICE WANTS MOTOR FINES.

Large Sum Goes Into County Treasury Under State Vehicle Act.

County Auditor Payne filed with the Board of Supervisors yesterday a statement of the Motor Vehicle Act municipal fines collected and turned into the county treasury prior to Dec. 31, 1920. The total is \$38,343.85, of which the city of Venice contributed \$36,164.95.

Venice demands that these funds be turned back, but the law apparently contemplates that the money shall be used for the building of highways.

County Counsel Hill was instructed to deposit the sums in court and to, interplead, asking the court to decide what disposition should be made of the funds.

In this county in the past six years, Mr. Van Cott was associated with Mr. Woolwine in a number of big cases, and Mr. Turney, formerly a well-known newspaper man, participated in them in capacity of reporter for local papers and the Associated Press. Mr. Turney has been active in the preparation of the case from the beginning.

Acting Public Defender Aggeler has been a county official since the organization of the Public Defender's office in 1914. He is a native of California, a graduate of University of Michigan, and formerly chief deputy county clerk of Santa Clara county, police and fire commissioner of San Jose, and a member of the Board of Education there. He has been in charge of the criminal cases in Department Seventeen for years, and will be at home in Judge Willis's court.

Mr. Vercoe, Mr. Aggeler's assistant, was appointed deputy Public Defender a few months after the organization of the office and has been in charge of criminal cases in Department Eighteen. He is a graduate of Lake Forest University, and practiced law in Chicago before coming to California. Like Mr. Aggeler, he tried hundreds of jury cases in the criminal departments of Los Angeles county courts.

Mr. Scott, who is a graduate of University of California, and a licensed layman preacher of the Baptist Church, has been in law practice since 1915. He received his appointment to the Public Defender's office about a year ago. Prior to that he was field representative of the American Red Cross in Alaska and later received his commission as second lieutenant in a machine-gun company, but failed to get overseas before the armistice.

MIDWINTER GRADUATION EXERCISES.

Lincoln High School Students Get Certificates Tonight, Others Tomorrow.

Midwinter graduation exercises of Los Angeles public schools will start tonight when the pupils of the graduating class of Lincoln High School receive their diplomas from Mrs. C. C. Ashley of the Board of Education. Five other high schools, Manual Arts, Polytechnic, Hollywood, Jefferson, and Franklin, will hold their exercises tomorrow night and the Los Angeles High on Friday night.

Thirty-two pupils at Lincoln High will graduate tonight. The exercises start at 8 o'clock. At the Manual Arts High School there are 115 students to be graduated. John Steven McGroarty will be the chief speaker. Prof. W. C. Morgan of the University of California will be the principal address at the exercises at 8 o'clock tomorrow at the Polytechnic High School students receive their diplomas from Mrs. Dorsey, superintendent of schools. Louis Kurze of the graduating class will reply to Mrs. Dorsey's talk in behalf of the students and Principal W. A. Dunn will make a short talk.

There will be forty-three students graduated at the commencement exercises of the Hollywood High school to be held at 8 p.m. tomorrow in the school auditorium. Melville Doger will present the diplomas and the principal address will be made by the principal, Dr. William T. Snyder.

Dr. James A. Francis will address the graduating class of the Jefferson High School. Thirty-six students will receive their diplomas at the exercises which will be held in the school auditorium at 8 p.m. The Franklin High School commencement exercises will be held at the Hollywood Ebell clubhouse at 8 p.m. There will be nineteen students graduated and the address will be made by Prof. Anthony Banks of the University of Southern California.

On Friday night the record number of students will be graduated from the Los Angeles High School. One hundred and twenty-nine pupils will receive their diplomas in the school auditorium.

There is a large list of elementary students who will be promoted to the intermediate grades and others to the high school.

Choose Officers to Continue War on Tuberculosis.

Officers for 1921 were elected by the Los Angeles Tuberculosis Association at a meeting in the Chamber of Commerce Building yesterday.

The annual report of Miss Sidney M. Maguire, executive secretary, showed that the seal sale had realized \$49,583, falling \$467 short of the objective, and also that nearly 31,000 persons had been benefited by the work of the association during the past year. Extensive plans were made for a general enlargement of the activities of the association during the present year.

The result of the election follows: Dr. Norman Bridge, president emeritus; Mrs. J. J. Van Kaathoven, president; Dr. Charles C. Browning, Louis M. Cole, and Dr. R. L. Cunningham, vice-presidents; Mrs. Benjamin Goldman, secretary; John P. Burke, treasurer; Mrs. J. M. Danziger, chairman of finance; Dr. W. Jarvis Barlow, chairman of advisory council; directors, Mrs. J. M. Danziger, Dr. Donald J. Frick, Chester W. Thompson, Mrs. Kate Voseburg, and Dr. Percy T. Magan.

DIES IN WEST INDIES.
Los Angeles Oil Expert Succumbs On Island of Trinidad.

News has been received in Los Angeles of the sudden death, on the island of Trinidad, West Indies, of Prof. W. L. Watts. He had been for a year investigating oil prospects on the island for an English company and had just returned from a trip to London with his wife.

Prof. Watts, a native of England, was for twelve years with the California State Mining Bureau. In one of his reports, published in a State bulletin, he predicted the discovery of the great San Joaquin Valley oil fields. He had resided in Los Angeles about twenty-five years.

7 1/2% Stability the lesson of the Stock Market

The recent recession of the stock market should again drive home its lesson to the conservative investor for income. The ordinary stable business activities cannot afford to pay above a certain rate of interest and live. The rate can be stretched a little to meet emergencies, but at the present time, but there is a decided limit. Seven and a half per cent interest on first mortgage security covering new homes is more than a good rate. The term six years insures the high rate for a reasonable period. The denominations \$1000, \$500 and \$100 are convenient for the investor. Interest is payable quarterly at the office of the Trustee, the Citizens Trust & Savings Bank. Interest and principal are guaranteed by a responsible company. The security back of the mortgage is ample. It is an eye-sight security. You can see and judge for yourself.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 18.—Trading in the stock market today repeated in its main essentials the uncertain and professional tone of the preceding session, the idle drift of prices again denoting an utter lack of public interest.

The day's news in its direct relation to financial, industrial and commercial conditions, indicated a continuation of the readjustment of values in all parts of the country. Reports indicated further slackening of operations.

Less than a dozen stocks made up the bulk of the day's operations. Of these, Mexican Petroleum, Crucible Steel, Atlantic Gulf, Baldwin Locomotive and United States Steel were most prominent.

The final hour was enlivened by buying of food, leather and shipping issues, net gains of two to five points being registered by food products, Central Leather and United Fruit. California Petroleum gained four points, but other oils were reactionary, as were also stocks, equipments and rails. Sales 465,000 shares.

Rates for call and time loans were unchanged. Exchange on London was firm and remittances to all continental points added to yesterday's advance except the German mark, which eased slightly.

Liberty Bonds featured an otherwise dull bond market, the first 4-1/2s displaying especial strength, most of which was retained. Sales, par value, \$10,275,000. Old United States bonds were unchanged on call.

WILL ENFORCE ACCIDENT LAW.

Police to Arrest Those Who
Fail to Make Reports.

Learn Hospital and Traffic
Records do Not Jibe.

Odd Injuries and Deaths of
Suspicious Kind Up.

State laws and city ordinances which require the immediate report to proper authorities of all sudden or suspicious deaths and of all cases where personal injuries of any kind have been caused by violence, will hereafter be enforced to the letter here. Instructions have been given out to the city patrolmen that persons who do not make the reports required by law shall be arrested immediately.

This action yesterday followed a complete check of records of persons treated at the Receiving Hospital for injuries in traffic accidents against the reports of accidents filed with the police traffic bureau. This showed that those treated for out-number the reports made. Captain of Traffic James McDowell, who supervised the check, announced yesterday that city ordinance 33160, which requires all persons involved in any kind of an accident to make an immediate report to the police, will be enforced to the limit.

According to Capt. McDowell the records show that about two-thirds of the persons involved in accidents never have reported at Central Police Station. The ordinance was framed, he says, makes it necessary that any person driving any kind of a vehicle who is a party in any manner of an accident shall at once report the matter to the authorities.

GOING AFTER DRIVERS.
This ordinance, the police stated yesterday, has never been strictly enforced and as a result records on file in the traffic bureau of the Police Department are far from complete. Capt. McDowell yesterday issued instructions that all traffic officers learning of any accident not reported at Central Police Station shall at once arrest the drivers of the vehicles involved.

In connection with the investigation, Capt. Moffatt, in command of the detective bureau, also announced yesterday that he will issue instructions to all his men to begin to enforce the city ordinance that requires all physicians and surgeons to report to the Police Station all cases of injuries caused by violence treated by them.

This ordinance, according to Capt. Moffatt, also requires all hospitals to make an immediate report to the police when any person arrives at a hospital suffering from bullet wounds or any other injuries which the patient is not able to explain. Instructions will be given today to detectives as well as to all other officers to make arrests where violations of the ordinance are found. According to Capt. Moffatt all cases of deaths of other than those from natural causes are required to be reported to the Coroner at once. This report is made under a State law. In the case of injuries where death does not result, the failure on the part of physicians to report to the police often results in wanted persons escaping arrest.

City ordinance 1915 (new series), which was approved March 31, 1910, provides that physicians, surgeons and druggists must report to the police by telephone or in person and in writing all cases of wounds and injuries treated by them. The penalty for neglect is a fine of not less than \$5 or more than \$200, or not more than 180 days in jail, or both.

STATE LAW IS STRICT.
There is a city ordinance requiring that all deaths must be reported to the health department, and there is also a State law which declares that all sudden, unexplained or suspicious deaths must be reported immediately to the Coroner. If a doctor knows of the death of a person whom he was not called to treat more than twenty-four hours prior

FINED HUNDRED FOR ONE DRINK.

Taxi Driver Gulped Goodly
Swallow, Then Ran Into
Another Machine.

Bootleg prices will hold no awe for O. L. Little, a taxicab driver, from now on. Yesterday in Judge Willis's court he paid \$100 for a lone drink which he had accepted from a hospitable patron. Should he be brought into court again the next drink will cost \$400, according to the ruling of the court.

Little, after consuming the solitary drink on November 21, drove his car into another at Temple Block and injured a woman passenger in the other car. He pleaded guilty to driving while intoxicated. The court fined him \$500, and suspended all but \$100 of the fine.

"Some drink," said the defendant as he left the courtroom.

County officials will gladly co-operate with the city authorities in the new law enforcement campaign. "By all means all deaths and injuries of a suspicious nature and all accidents should be reported—to the police if they occur in the city, and to the Sheriff's office if they occur in the county outside the city limits," said Chief Deputy Sheriff Manning yesterday. "Section No. 21 of the Motor Vehicle Act makes it a felony for the driver of a car to fail to stop and render aid to a person injured. If all injuries and failure-to-give-aid cases were quickly reported, the authorities would have an easier time checking crime."

Life in Prison is Penalty for Killing Deputy.

For the slaying of Deputy City Marshal Norman Edmund Gays, recently convicted of first-degree murder, was sentenced to life imprisonment in San Quentin prison yesterday by Judge Willis. He was sentenced in accordance with the recommendation of the jury that convicted him. Gays's attorney, E. M. Terchia, filed a motion for a new trial, which was denied.

Raphael Dulo, a co-defendant on the same charge, will appear for trial today. He was sentenced to 10. Nick Terrillo, third of the trio charged with the murder, has never been apprehended.

TAKES SETTLEMENT WORK.
J. J. Finley, superintendent of Santa Rita Center, under the direction of the Bureau of Catholic Charities, yesterday extended the scope of his work to embrace the Brownson House Settlement at 711 Jackson street. Edward P. Sheehan, formerly superintendent at Brownson House, left Tuesday for Honolulu, where he will assume a new post as an instructor in the schools, and with his departure the supervisory work of the two institutions was co-ordinated and placed under Mr. Finley's direction.

PRAISES SUPERVISORS.
Gabriella T. Stickney, corresponding secretary of the Women's Christian Temperance Union, in a letter to the supervisors, praises the board for its stand in behalf of the enforcement of the Volstead Act. She asserts that "to enforce the laws of the United States in times of peace is as truly patriotic as to shoulder arms in times of war."

An Open Letter to Don Francisco, President Advertising Club of Los Angeles.

Dear Mr. Francisco:
I am much interested in the work of your Better Business Bureau. As advertising becomes more believable it must become more profitable. Like most people I am perhaps unconsciously skeptical of statements made in advertisements. As a stranger in Los Angeles I knew nothing about your various local brands of coffee, for instance: On the strength of an advertisement I read in a local newspaper we bought a can of Newmark's Coffee and I had to say it was better than the advertisement represented it to be. I emphasize this fact because we had previously found an opposite circumstance. Advertisers like Newmark Bros. who make strong promises for their product and make the product better than the promises are to be complimented. The fine aroma and satisfying flavor of Newmark's Coffee put it in a class by itself, but I cannot conceive of any statement they could make about it which could be construed as extravagant.

Sincerely,

Franklyn Stone

January Clearance Sales

Today's Best News Tells of the Arrival of

A Special Purchase Blouses and Overblouses at 6.95

The price and the sketch tell practically the whole story—of a phenomenal purchase of the season's handsomest blouses at such a saving as to make possible the best of Hamburger's blouse offerings.

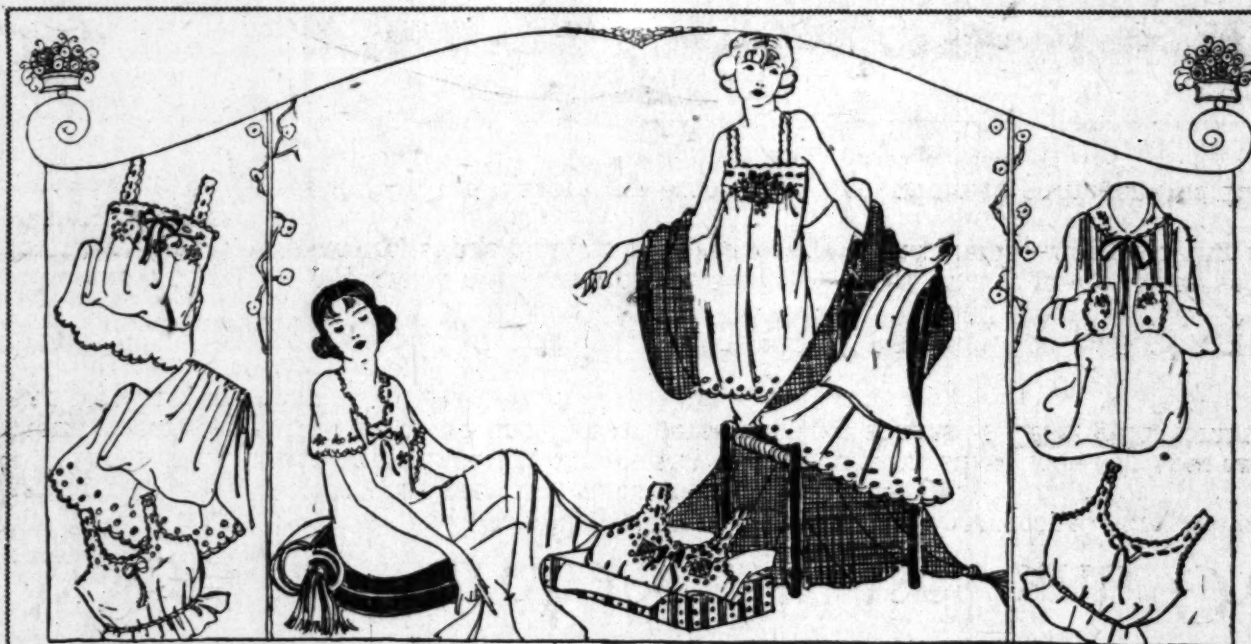

There still remain the wonderful shades and the rich quality silks, however, that can not be appreciated save by the actual seeing them. Georgette, crepe de chine and Canton jersey in such shades as flesh, gold, tomato, orchid, flesh and white are irresistible—and certainly so at 6.95.

Blouses and Overblouses in a Second Group at 9.75

Which to choose becomes a question when one is confronted with so many styles, so many wonderful colors and all at a price so inviting. The Georgette crepes are plain or in novelty stripes and plaids—sleeves being long or three-quarter length—collars in a great variety of styles.

Satin overblouses at 9.75 are elaborately embroidered or trimmed with genuine filet—revelations of value at 9.75.

Dainty Philippine Lingerie

In an Event That Is Delighting Women Who Find That Really Fine Lingerie
May Be Bought at Pre-War Prices During

The January Sale of Undermuslins

The reason, of course, that such remarkable values may be offered is the fact that Hamburger's is in a position to take advantage of all clearance opportunities offered by manufacturers—and because it was decided that this January Sale should eclipse all others that have ever been featured by us.

Philippine Night Gowns and Petticoats at 3.95

Such fine, exquisite work as these garments show—scalloping for the edge finish and handsome embroidered patterns to further trim them. The material is, splendid and the styles are just the ones that every woman is demanding daily. The petticoats are made with the embroidered flounces or without.

Slip-Over Gowns at 2.95

As practical as they are economical—for the cloth is soft and firm, the neat scalloping serving to trim them. They are cut full and with the wide hems. A great saving for all who take advantage of Wednesday's offer.

Knee Length Petticoats at 2.95

Fashioned of that very soft yet firm material, and finished around the bottom with hand embroidered scallops. It has been so long since we have been able to offer this kind of a petticoat for 2.95 that it is as much of a surprise to us as to our patrons.

Philippine Hand Embroidered Petticoats at 4.95

Another of the great sale values that Hamburger's is mighty proud of. The quality is exquisite, the flounces finished with the scalloping and beautifully embroidered with the floral sprays. Most unusual at 4.95.

(Hamburger's—Second Floor—Today)

Corset Covers at 2.95

Yes, the same handsome Philippine work that the other garments boast of trims these corset covers. They are elaborately embroidered and finished with scalloping. They fit especially well.

Philippine Gowns at 4.95

In this exceptional group there are the low neck models of course, and, too, there are some of the high neck styles. The embroidery is particularly beautiful and elaborate, the scalloping serving as a finish.

Philippine Hand Embroidered Petticoats at 4.95

Another of the great sale values that Hamburger's is mighty proud of. The quality is exquisite, the flounces finished with the scalloping and beautifully embroidered with the floral sprays. Most unusual at 4.95.

Odd Pairs Curtains at Half Price

Standard styles in the popular Marie Antoinette, Roman Cluny and Irish Point—imported and American made. Distinctly "better" curtains to which the original price testify, these having been 7.50, 8.50, 12.50 to 14.00 a pair. Now priced 50% less or 3.75, 4.25, 6.25 to 9.00 a pair.

(Hamburger's—Third Floor—Today)

Here Is a Rare Choice of Silk Petticoats, 6.95

Peau de cygne, jersey, jersey top and taffeta models are grouped at this price, which every woman will doubtless agree is moderate in the extreme.

The jersey tops have pleated satin flounces, the all-jersey skirts have pleated flounces, plain or trimmed with color. The peau de cygne and taffeta have the hemstitched hems.

White Tub Silk and Pongee Petticoats at 3.95

What wonderful things the January Clearance Sale in the way of lowering prices! These natural pongee, rajah and former satin skirts, extra and regular sizes are remarkable at so low a price. Flounces are colored and fancy, some made with double bands.

(Hamburger's—Second Floor—Today)

Tuxedo Sweaters, 7.50

Reduced From 10.00 and 12.95

It is mighty nice to have a good looking sweater this time of year, and when the January Clearance brings the price so low on such stunning models there is every reason why every woman should have one of two or three.

The loose weave is especially smart, tuxedo models with wide ash belt. The ripple tuxedos are closely knit, as are the ripple slip-ons and the straight line slip-ons. Mixed and women's sizes at 7.50.

Clearance Imported Cretonnes Half-Price

The color combinations, the patterns and the quality such as imported cretonnes only may last. The 30, 36 and 50 inch widths, for draperies, cushions, coverings formerly 1.50 to 12.50 a yard, in the sale at half those prices.

(Hamburger's—Third Floor—Today)

300 Yards Imported Curtain Madras, Half Price

Beautiful pieces of rose, blue, golden brown—some that were formerly 1.95 to 4.75 a yard, in the sale at half those prices.

(Hamburger's—Third Floor—Today)

Double-Faced Terry Cloth, 85c

It's a value that is almost too good to be true—the inch double faced Terry cloth, some striped and some tapestry patterns, reduced to 85c. The former price was 1.65 a yard.
